

Call for proposals

MASTER – 2026

To promote access for students to master's programs, the institute MarMaRa offers Scholarships grants for a period of **up to 6 months**. The students will work **in one of the research team** associated to the institute and conduct a scientific project related to the fields of MarMaRa.

General eligibility criteria and evaluation rules:

- A researcher can apply a **maximum of two times to the same call** and the team leader will be asked to rank the applications.
- For TAGC members (laboratory not operating in teams) only four applications for the whole laboratory are accepted for each call session.
- In case of two applications from the same team for the same call, the applications ranked second will be evaluated by the scientific committee according to the budget available.
- Masters' internships and PhD students must only be funded by the dedicated calls ("Master" "End of thesis").

Specific eligibility criteria:

- Applicants should be in the **2nd year of his/her Master**.
- Applicants should be working in one of the **MarMaRa's research affiliated team**.
- To be eligible a significant proportion (at least half) of the team members (students, non-permanent, permanent staff) must have been involved in the institute's activities¹ during the last academic year. If not, you commit to participate for the current academic year.

Evaluation:

The Scientific committee of MarMaRa will evaluate and select the candidates. The evaluation criteria will be the academic results and the CV.

¹ Annual symposium, seminars, PhD program, WG CIVIS, WG 3M...

Documents required:

- Application form (document to download on the [website](#))
- Bachelor and Master' grades
- CV

Application must be submitted as a single PDF file ("MarMaRa_AO_Master_[Name of student]_[Laboratory – team]_OCT26") in this [AMUBOX folder](#).

Terms of engagement:

All scientific publications and communications which have benefited of the financial support of MarMaRa must mention the following sentence:

*This work received support from the French government under the France 2030 investment plan, as part of the Initiative d'Excellence d'Aix-Marseille Université - A*MIDEX (AMX-19-IET-007) through the Marseille Maladies Rares Institute (MarMaRa)*

Publications must be deposited in the A*Midex HAL amU collection, the University's open archive.

Deadline 19/10/2026
