

Call for proposals

MISSION – 2026

The **Mission** call aims to promote the dissemination and collaborations.

Dissemination: This call encourages mobility and international contacts through [participation to scientific events](#). The grants are awarded only for active participation (oral presentation or poster), and cover all or part of the registration, travel, and accommodation expenses.

Collaboration: This call aims to offer to PhD students, postdoc, engineers, or early career researchers the opportunity to undertake [a short to mid-term scientific visit to collaborators](#). This can be carried out in the context of co-supervision or to acquire new skills necessary to pursue the research project. Eligible expenses must relate to travel and accommodation costs.

The maximum amount allocated is 2000€ but may be increased depending on the overall budget remaining.

General eligibility criteria and evaluation rules:

- A team can apply a **maximum of two times to the same call** and the team leader will be asked to rank the applications.
- For TAGC members (laboratory not operating in teams) only four applications for the whole laboratory are accepted for each call session.
- In case of two applications from the same team for the same call, the applications ranked second will be evaluated by the scientific committee according to the budget available.
- Masters' internships and PhD students must only be funded by the dedicated calls ("Master"; "End of thesis").

Specific eligibility criteria:

- **All members of the MarMaRa institute are eligible** (PhD student, postdoc, engineer, researcher). Applications from young members are highly recommended.
- The candidate must be currently working in [one of the institute's research team](#).
- The event must be related to the [scientific fields of the institute](#).
- To be eligible a significant proportion of the team members (students, non-permanent, permanent staff) must have been involved in the institute's activities¹ during the last and current academic year. If not, you commit to participate for the current and next academic year.

¹ Annual symposium, seminars, PhD program, WG CIVIS, WG 3M...

Evaluation:

The Scientific committee of MarMaRa will evaluate and select the candidates. The evaluation criteria will be the candidate's profile and the benefits of the mission for the applicant and its team.

Documents required:

- Application form (document to download on the [website](#))
- Link to the event /program website
- Proof of abstract submission (+ update once accepted to confirm the mission)

Application must be submitted as a single PDF file

("MarMaRa_AO_Mission_[Name]_[Laboratory-team]_OCT26") in this [AMUBOX folder](#).

Terms of engagement:

All scientific publications and communications which have benefited of the financial support of MarMaRa must mention the following sentence:

*This work received support from the French government under the France 2030 investment plan, as part of the Initiative d'Excellence d'Aix-Marseille Université - A*MIDEX (AMX-19-IET-007) through the Marseille Maladies Rares Institute (MarMaRa)*

Publications must be deposited in the A*Midex HAL amU collection, the University's open archive.

Deadline 19/10/2026
